# Company Site

Through the **Company Site** menu, as the administrator, you can configure the design and messages on your company Zip site, which serves as a platform for borrowers to be introduced to your organization and loan officers. Additionally, borrowers can apply for loans and choose specific loan officers to work with via your company Zip site.

## Company Main

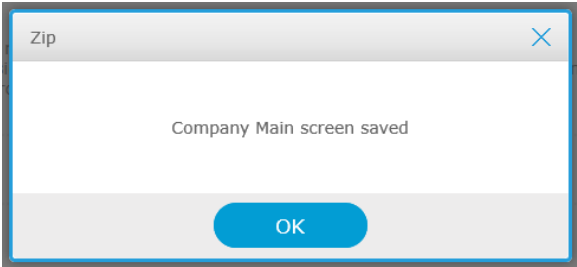

Via the **Company Main** screen, you can configure the design and layout of the landing page on your company Zip site. This is the place where you choose the images and messages that greet borrowers when they first visit your company Zip landing page.

To set up the landing page of your company Zip site:

1. Select the **Company Main** screen from the **Company Site** menu.

2. In the **Use Company Main** section, you can enable or disable your company Zip site by selecting either **On** or **Off**. Selecting **Off** will disable your company Zip site.
  - A. If you selected **Off**, scroll down to the bottom and click **Save**. A popup appears confirming that the screen is saved.

- B. Click **OK**.
- C. If you selected **On**, continue to the next step.

## Company Site

3. In the **Language Selection** section, you can enable or disable the option for borrowers to switch to the Spanish version of the greeting messages on your company Zip landing page.

NOTE: When this option is enabled, there will be a language selection dropdown menu on your company Zip landing page. When it is disabled, the dropdown menu is gone from the landing page.

4. In the **Company Web Address Setup** section, enter the prefix to the URL of your company Zip site.

### Company Web Address Setup

Zip requires a web address to ensure that potential borrowers can access the company site. The web address automatically assigned by Zip is shown below. You may change the web address prefix in the box below. If you need assistance setting up your web address, please email the Zip setup team.

.zipforhome-qa.com

### Select Type

Select a type to apply the Company Main page.

- After entering the prefix, click the **GO** button to visit the landing page of your company Zip site.
5. In the **Select Type** section, choose the layout of your company Zip landing page.
    - Selecting type A: The main image is prominently featured on top of your company Zip landing page. Text is placed at the bottom left of the main image and at the bottom of the page.
    - Selecting type B: The main image is prominently featured on top of your company Zip landing page. Text is placed at the center of the main image and at the bottom of the page.
    - Selecting type C: The main image is placed on the top left of your company Zip landing page, with the rest of the page featuring text.
  6. In the **Select Image** section, select the main image to be featured on your company Zip site.

### Select Image

Select an image to apply to the visual area in Company Main page. You can also upload an image from your computer. The optimal size is 1800\*500~740 (The optimal size for Type C is 570\*350.). The file types supported are: JPEG, JPG, GIF, PNG

NOTE: Zip provides a list of stock images to choose from for your company Zip landing page.

## Company Site

- A. Scroll through the stock images to select the right one to be featured.
- B. If you want to feature your own image, click the blank image (**highlighted in red**) in the above image to open your browser's upload lightbox.
  - I. Select the image to be uploaded.
  - II. Click **Open**.
  - III. To delete the uploaded image, click the **X** icon next to the image, located on the top right.
7. In the **Edit Contents** section, you can configure the banner, company information, and messages that appear on your company Zip landing page.

In this example, the page layout is type **A** (selected in step 4).

If you're considering refinancing your current mortgage, we can help you understand your options. We listen to your specific needs then present personalized mortgage options for you in real-time. Your needs can change, so can your mortgage loan. Let us help.

[EDIT]

- A. To configure the banner, click the corresponding **EDIT** button (top right), to open the **Edit Company Banner** light box.

## Company Site

**Edit Company Banner**

Use Company Banner  On  Off

Logo Image  X (Recommended image size: 190 x 50. Maximum file size: 2MB. File types supported: JPEG, JPG, GIF, PNG.)

Banner Placement  Left  Center  Right

Background Color #ffffff 

Save

- I. Select **On** or **Off** to enable or disable the company banner, which appears at the top of your company Zip landing page.
  - a. If you selected **Off**, click **Save** to exit the light box. If you selected **On**, move to the next step.
- II. To choose a **Logo Image** as the banner, click the blank image to open your browser's upload lightbox.
  - b. Select the image to be uploaded.
  - c. Click **Open**.
  - d. To delete the uploaded image, click the **X** icon next to the image located on the top right.
- III. Choose the placement of the banner by selecting either **Left**, **Center** or **Right**.
- IV. To choose a **Background Color** for the banner:
  - a. Click the corresponding field (**highlighted in red**) in the image below.

The color selector is enabled.

## Company Site

- b. Use the color spectrum bar on the right to select the desired color (**highlighted in blue**) in the image above.
- c. To further tune the color, use the circle (**highlighted in green**) in the image below in.

- d. If you know the hex color code of the color you want, enter it in the corresponding field.

- e. Click out once you have selected the desired color or entered the hex color code.

- V. Click **Save** to save and close the **Edit Company Banner** light box.

NOTE: If you did not select a banner image, the banner will just be the background color.

- B. To edit the primary message shown on your company Zip site, click the corresponding **EDIT** button.

The **Edit Comment** lightbox appears.

NOTE: Zip provides a default primary message. If you want to tailor it specifically to your organization, follow the steps below.

The image shows a 'Company Site' interface for editing a comment. It features two sections: English and Spanish. Each section has a rich text editor toolbar with options for font (Open Sans), size (11pt), bold (B), italic (I), underline (A), and background color (A), along with alignment and link icons. The English section contains the text: 'Your Trusted Mortgage Experts. Buying a home is about more than interest rates. You need knowledgeable, mortgage professionals who give you their best consistently. Whether you're a first-time home buyer or looking to refinance an existing loan, our professionally trained staff of Mortgage Advisors is ready to help.' The Spanish section contains the text: 'Sus expertos hipotecarios de confianza. Comprar una casa es más que tasas de interés. Necesita profesionales hipotecarios bien informados que le brinden lo mejor consistente. Ya sea que compre una casa por primera vez o quiera refinanciar un préstamo existente, nuestro personal de asesores hipotecarios capacitados profesionalmente están listos para ayudarlo.' Below the text are color selection fields for 'Background and Button color' (hex #a58f74) and 'Button text color' (hex #ffff). A blue 'Save' button is at the bottom.

- I. In the top field enter the message that greets borrowers when they visit your company Zip landing page.
- II. Use the top bar above the field to tailor the design of the message, such as font, size, bold, italics, etc. (highlighted in red) in the image above.
- III. If you want to modify the Spanish message, edit it in the corresponding field below.
- IV. Choose the **Button color** and **Button Text color** for the **Apply Now** button, which is located directly below the primary message on your company Zip landing page.

NOTE: When borrowers click this button, they will immediately be transported to your organization's Zip borrower interview portal to begin the application process.

- a. To select the **Button color**, click the corresponding field to enable the color selector (highlighted in red) in the below image.

## Company Site

Button color  

Button Text color  

The color selected is enabled.

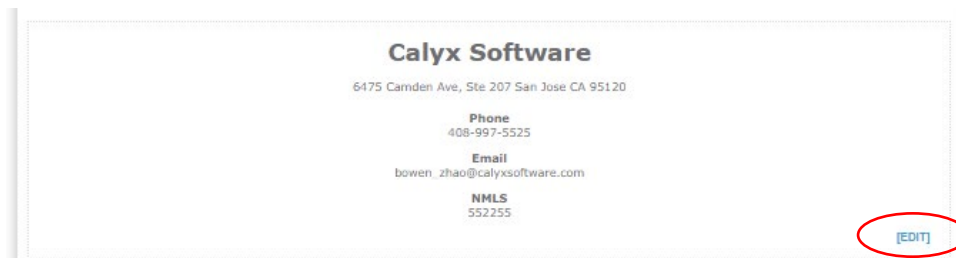

- Use the color spectrum bar on the right to select the desired color (**highlighted in blue** in the image above in blue).
- To further tune the color, use the circle (**highlighted in red**) the image below in.

- If you know the hex color code of the color you want, enter it in the corresponding field.
- Button color  
- Click out once you have selected the desired color or entered the hex color code.
  - Repeat the above steps for selecting the **Button Text color**.

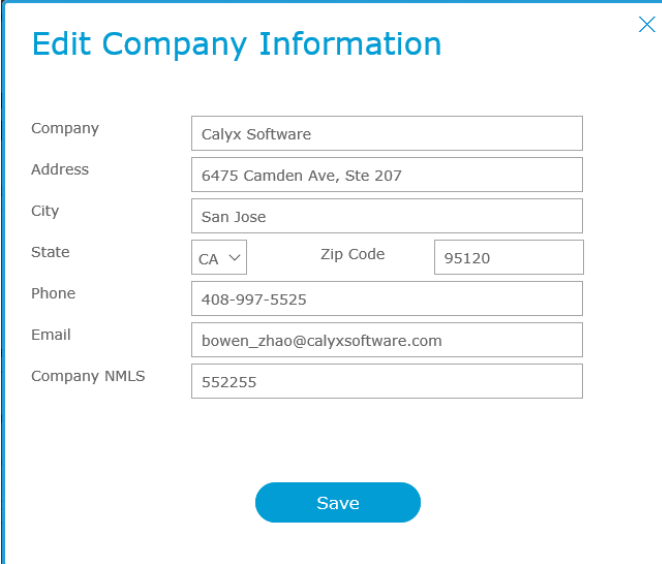

V. Click **Save**.

- To edit your organization's company information, click the corresponding **EDIT** button (**highlighted in red**) the image below in.

## Company Site

The **Edit Company Information** lightbox appears.

**Edit Company Information**

Company: Calyx Software

Address: 6475 Camden Ave, Ste 207

City: San Jose

State: CA Zip Code: 95120

Phone: 408-997-5525

Email: bowen\_zhao@calyxsoftware.com

Company NMLS: 552255

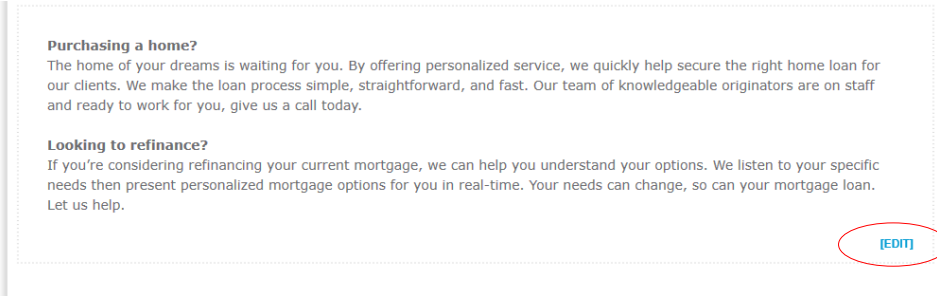

Save

- I. Edit the information in the applicable fields.
- II. Click **Save**.

NOTE: The company information edited here only applies to your company Zip site. For company information that appears on the Zip landing sites of individual loan officers, see **Editing Loan Officer Zip Landing Site**.

- D. To edit the secondary message shown on your company Zip site, click the corresponding **EDIT** button, (highlighted in red) in the image below.

NOTE: Zip provides a default secondary message. If you want to tailor it specifically to your organization, follow the steps below.

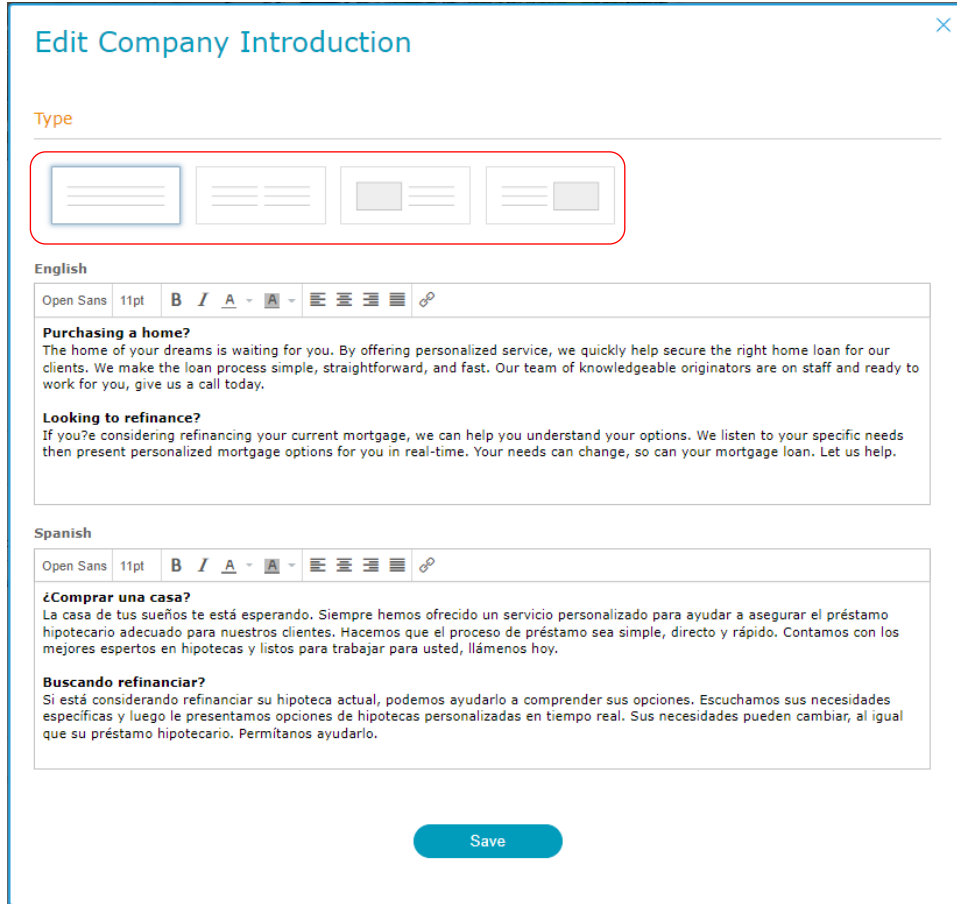

**Purchasing a home?**  
The home of your dreams is waiting for you. By offering personalized service, we quickly help secure the right home loan for our clients. We make the loan process simple, straightforward, and fast. Our team of knowledgeable originators are on staff and ready to work for you, give us a call today.

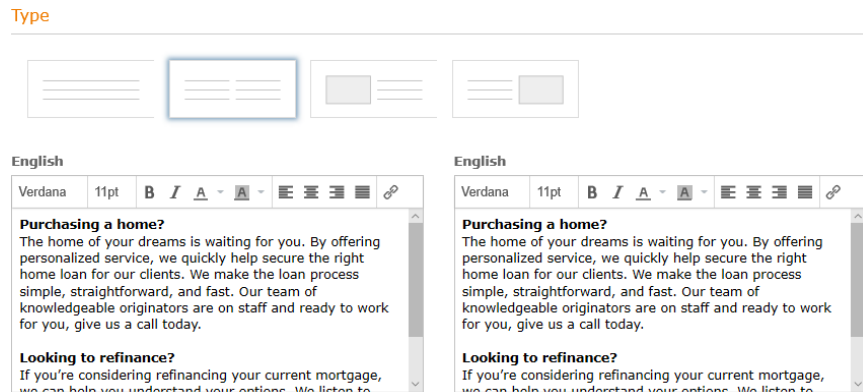

**Looking to refinance?**  
If you're considering refinancing your current mortgage, we can help you understand your options. We listen to your specific needs then present personalized mortgage options for you in real-time. Your needs can change, so can your mortgage loan. Let us help.

[EDIT]

The **Edit Company Introduction** lightbox appears.

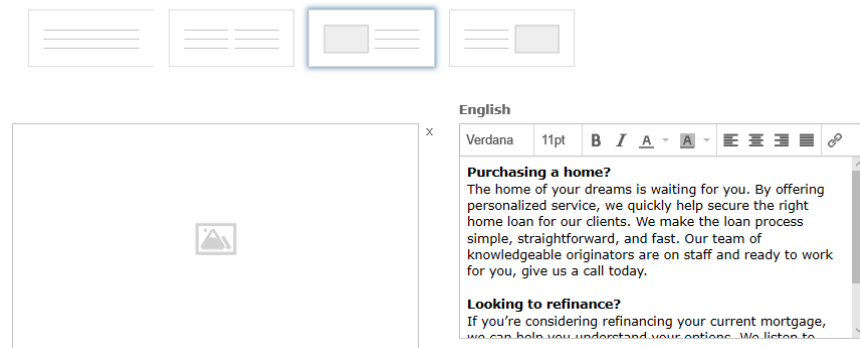

- I. Select the layout of the secondary message (highlighted in red) the image above in. There are four options for how to display the secondary message.
  - The **plain text** option: The message appears in a conventional manner at the bottom section of the page.
  - The **double column** option: The message is divided into two columns that appears at the bottom section of the page. When this option is selected, the lightbox changes to accommodate the configuration that will appear on your company Zip landing page, as shown below.

## Company Site

- The **image text** option: An image is added to the left side of the message, as shown below.

Type

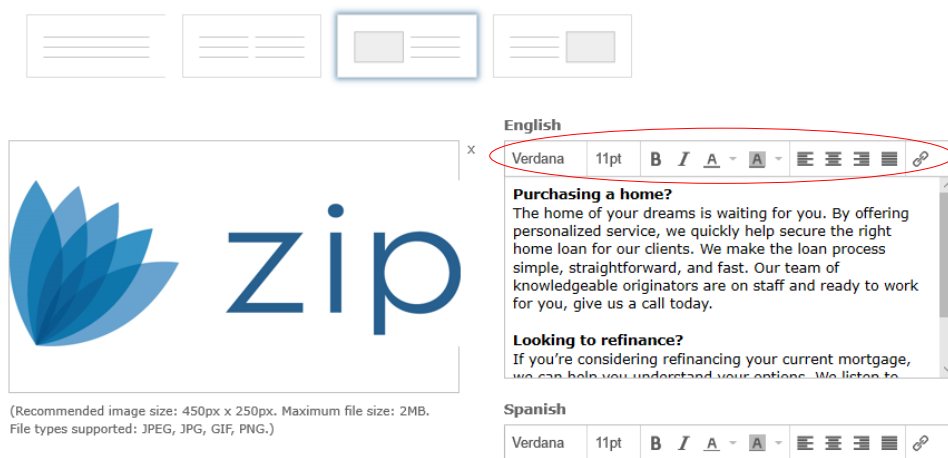

- The **text image** option: An image is added to the right side of the message.

In the following example, the **image text** option is used.

- I. Click the blank image to open your browser's upload lightbox.
  - g. Select the image to be uploaded.
  - h. Click **Open**.
- II. In the **English** field, enter or edit the secondary message.
- III. Use the top bar above the field to tailor the design of the message, such as font, size, italic, bold, etc. (**highlighted in red**) the image below in.

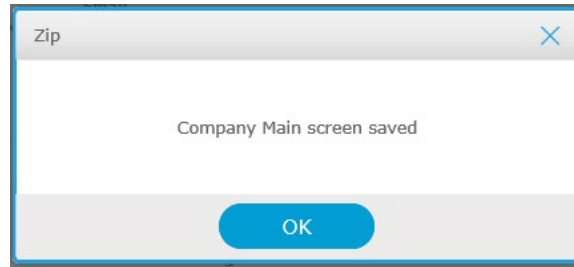

Type

- IV. If you want to edit the Spanish version of the secondary message, edit it in the corresponding field.
  - V. Click **Save**.
8. Once you have finished configuring you company Zip landing page, click **Save**. A popup appears confirming that the screen is saved.

## Company Site

9. Click **OK**.

## Set Loan Originators List

Use the **Set Loan Originators List** screen to choose your organization's loan officers to be featured on the Loan Officers page of your company Zip site.

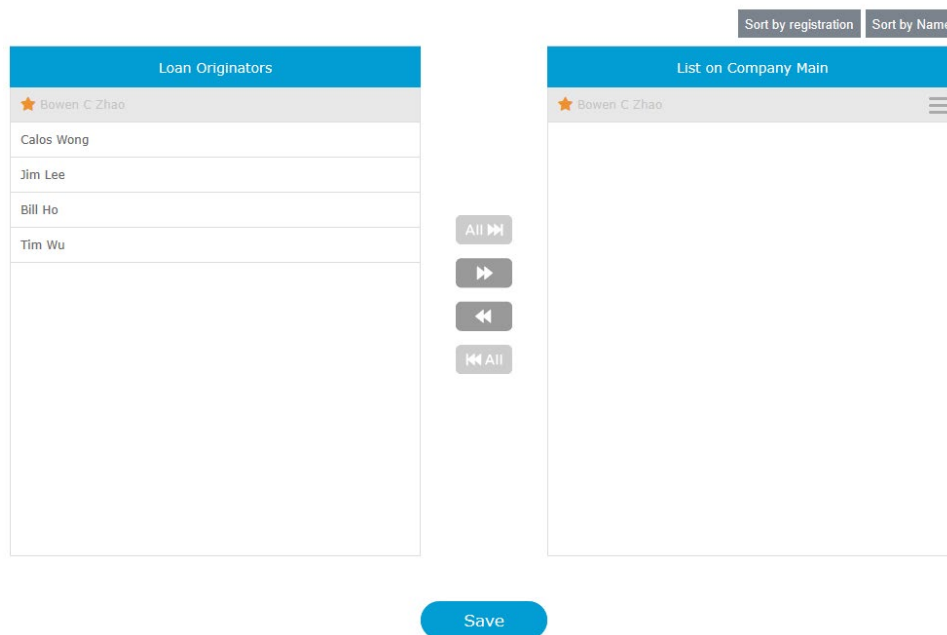

To set the list of loan officers:

1. Select the **Set Loan Originator's List** screen from the **Company Site** menu. On the left, the **Loan Originators** column lists all the loan officers in your organization. On the right, the **List on Company Main** column lists the loan officers to be featured on the Loan Officers page of your company Zip site.

### Set Loan Originators List

*You can select and sort the list of loan originators who appear on the company main site.*

#### Set the List on Company Main

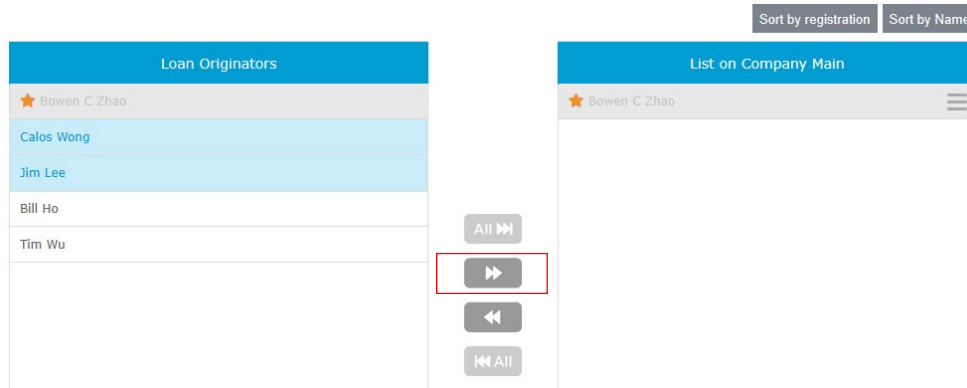

**NOTE:** A star appears next to the default loan officer, who is assigned loans for which borrowers failed to select a loan officer to work with when they start the application process via your company Zip site.

## Company Site

RELATED: For more information on setting the default loan officer, see **Editing Loan Officer Zip Landing Site**.

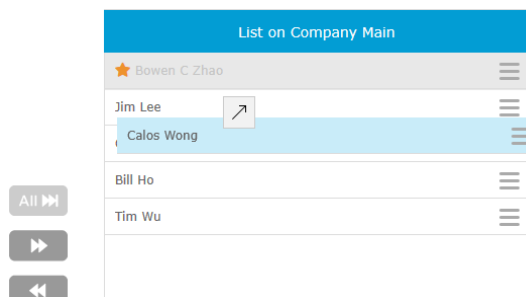

2. Select the loan officer(s) to be featured by clicking their row(s) in the **Loan Originators** column. Once a loan officer name is clicked it is highlighted, as shown below.

3. Click the right arrow (  ) to move the selected loan officer(s) to the **List on Company Main** column, (**highlighted in red**) in the image above.
4. To remove loan officer(s) from the **List on Company Main** column, click the left arrow (  ).
5. To move all loan officers from one list to the other click  or  .

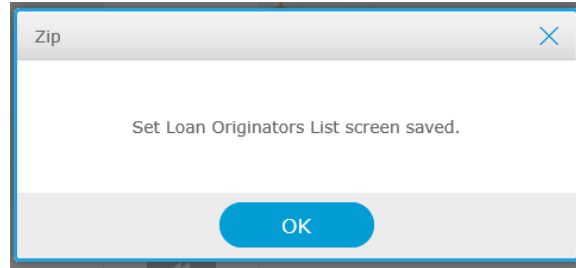

NOTE: The default loan officer cannot be removed from the **List on Company Main** column.

6. To arrange a loan officer's position in the list with respect to the others, click the row of the loan officer name and drag it to the desired position on the list, as shown below.

7. To sort the list by alphabetical order, click **Sort by Name** above the column.
8. To sort the list by the registration dates of your loan officers on your Zip admin site, click **Sort by registration**.
9. Once you have finished sorting the order, click **Save**. A popup appears confirming that the screen is saved.

## Company Site

10. Click **OK**.

# Borrower Portal

The **Borrower Portal** menu contains the **Default Information**, **Banner and Colors**, and **Loan Originators** screens.

Via these screens you, as the administrator, can configure the default images, banners, messages, etc. that greet borrowers when they visit your Zip landing site and enter your borrower interview portal, as well as the landing sites and interview portals of the loan officers in your organization. Additionally, you can add loan officers to and delete them from your organization and configure their access rights to the Zip admin site.

## Default Information

Through the **Default Information** screen, you can configure the default image, messages, and logos for your organization.

NOTE: Although these are the default image and messages for your organization, the individual loan officers in your organization can set up their unique images and messages on their own Zip landing sites, should you give them read and write access rights, which you can do in **Editing Loan Officer Access Rights**.

### Default Information

Here you can set your company's default profile photo and borrower landing page message.

#### Image and Comments

Register your company image and introduction message to be displayed on your consumer web portal landing page.  
(\* Required fields)

### Images and Comments

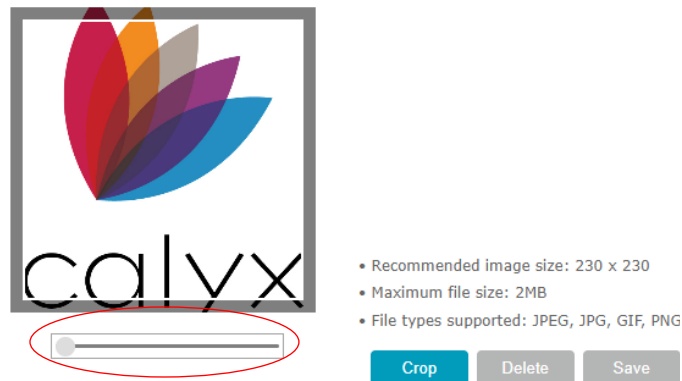

To set up the default images and messages on your Zip landing site:

NOTE: For loan officers who have read and write access to the Zip admin site and who chose different images and messages from the company default, the images and messages on their Zip landing sites will stay the same when you upload a new company default image or enter a new message.

1. Select the **Default Information** screen from the **Borrower Portal** menu.
2. To upload an image, click the **Image** field to open your browser's upload lightbox.

- A. Select the image to be uploaded to your Zip landing site.
- B. Click **Open**.
- C. After the image is uploaded, the **Crop** button becomes enabled and you can adjust the zoom level, using the zoom slider (**highlighted in red**) in the image below.

- D. When you have reached the desired level of zoom, click **Crop**.
  - E. Click **Save** to save the image and level of zoom.  
Lightbox appears to confirm the changes have been saved.
  - F. Click **Ok**.
  - G. To delete the image, click **Delete**.
3. Enter the **Company** name, **Company NMLS**, **Address** information, and **Office Phone** of your organization.

NOTE: The **Company** name entered here will also appear on top of the Loan Interview Summary PDF document, as shown below. Also, the **Company** name entered here will

## Borrower Portal

appear on all Loan Interview Summary PDF documents for all loan officers in your company, even if they have different company names, which can be configured at **Editing Loan Officer Zip Landing Site**.

The screenshot displays a loan officer's Zip Landing Site. At the top left, the company name "Calyx Software" is highlighted with a red box. To the right, it shows the submission date and time: "Submitted on: 01/17/2024 10:31 AM CST" and the website URL "CalyxSoftware.zipforhome-qa.com". Below this, the page title is "Loan Interview Summary: Purchase".

There are two columns of checkboxes for borrower authorization: "Borrower Authorized to Pull Credit Report" (unchecked), "Additional Borrower Authorized to Pull Credit Report" (unchecked), "Additional Borrower Applied" (checked), and "VOA Report Included" (unchecked). Below these are fields for "Referred by:" and "Comments:", and a "Contact Method/Best Call Time:" set to "Phone / Morning".

The "Loan" section lists: "Sales Price: 500,000.00", "Down Payment Amount: 0.00", "Loan Amount: 500,000.00", and "Loan Term: 0 years".

The "Subject Property" section includes fields for "Address:", "City:", "ST:", "ZIP:", "Occupancy Type: Primary residence.", and "Property Type: Single Family House".

The "Contact Information" section is split into two columns: "Borrower" and "Co\_Borrower".

Borrower	Co_Borrower
Name: Damian Wayne	Name: Bruce J Banner

Marital Status:	Relationship:
Dependents:	Ages:

At the bottom, there is a section for "Current Address".

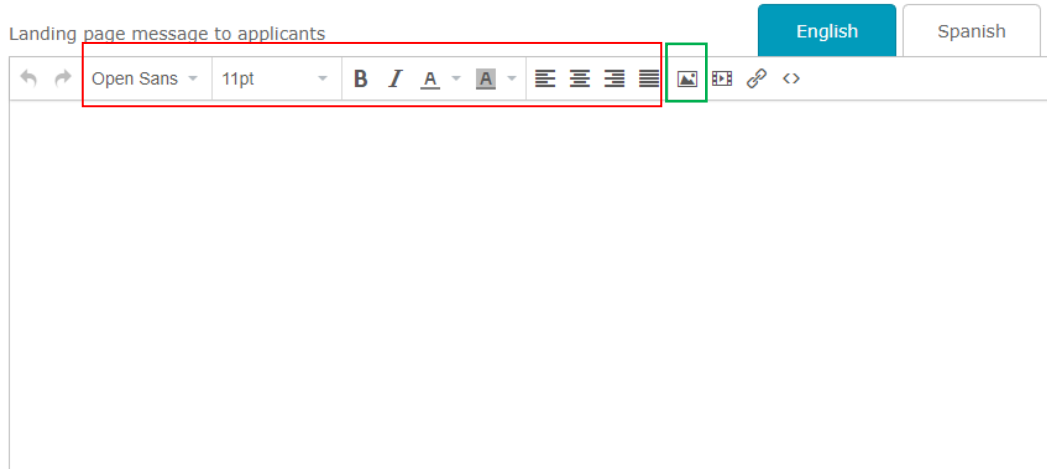

4. To display your company's address at the bottom of the landing page, select the corresponding checkbox. Otherwise, deselect the checkbox.

NOTE: Even when this feature is disabled here as the default landing page, it can still be enabled for the individual landing pages for each loan officer, by you or by the loan officers themselves (if they have the necessary access rights).

RELATED: For more information on configuring an individual loan officer's landing page, see **Editing Loan Officer Zip Landing Site**.

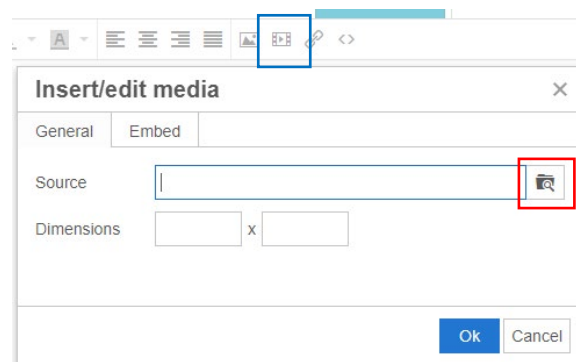

5. Select the **English** tab to enter the English version of the message to greet potential borrowers on your Zip landing site.  
In this example, English is used.
  - A. Enter the message.
  - B. Use the top bar above the field (**highlighted in red**) to tailor the design of your message, such as font, size, bold, italics, etc.

## Borrower Portal

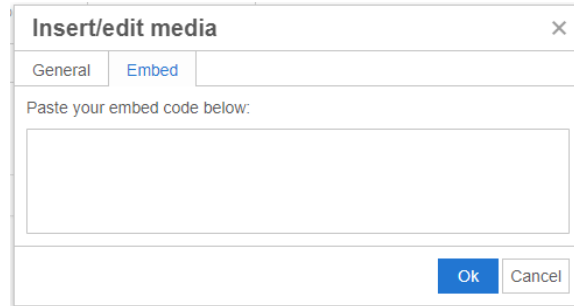

- File types supported: JPEG, JPG, GIF, PNG, MP4(video)
- Maximum video file size: 10MB

- C. To enter an image, click the picture icon (highlighted in green).  
Your browser's upload lightbox is opened.
- Select the image to be uploaded.
  - Click **Open**.
  - To adjust the image size, drag the corners of the image until you have reached the desired size.
  - To delete the uploaded image, right click on the image and select **Cut**.
- D. To insert a video, click the video icon (highlighted in blue).  
The **Insert/edit media** lightbox appears.

- To insert a video, select the **General** tab and click the folder icon (highlighted in red) of the **Source** field to open your browser's upload lightbox.
  - Select the video to be uploaded.
  - Click **Open**.
  - To enter the **Dimensions** for video.
- To embed a video, select the **Embed** tab and enter the embed code.

## Borrower Portal

**Insert/edit media** [X]

General Embed

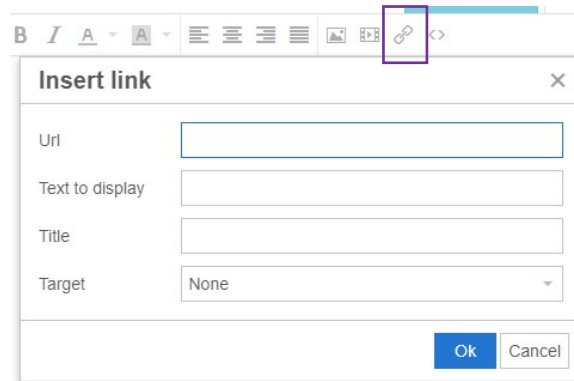

Paste your embed code below:

[Text Area]

Title [Text Field]

Target [None]

Ok Cancel

I. Enter the **Url**, **Text to display**, and **Title**.

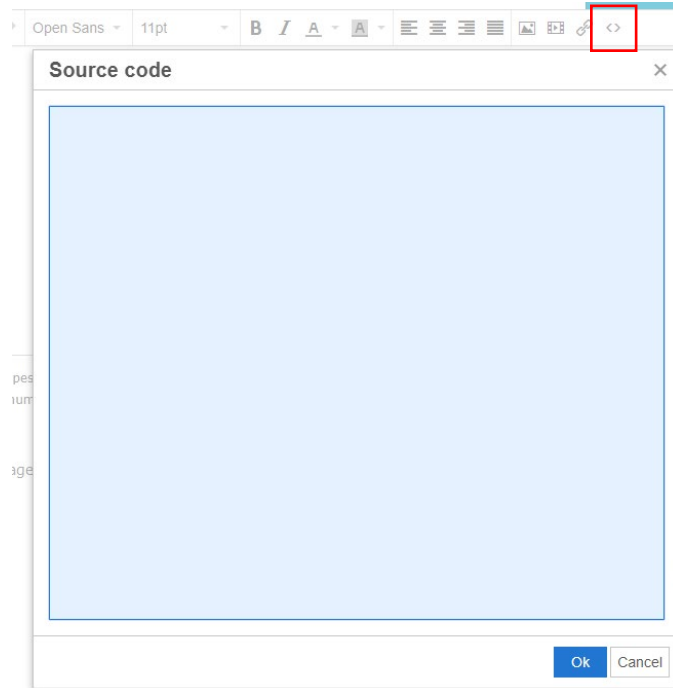

II. From the **Target** dropdown menu, select whether the link, when clicked, opens in a new window or in the current window.

III. Click **Ok**.

F. To enter the source code for the greetings message, click the code icon (highlighted in red). The **Source Code** lightbox opens.

## Borrower Portal

- I. Enter the source code.
  - II. Click **Ok**.
- G. To enter the Spanish version of your greeting message, click the **Spanish** tab, and repeat the above steps A through F.
- H. To give borrowers the choice of choosing between English and Spanish versions of your greeting message, select the **On** radio button for **Language Selection**.
- NOTE: When **On** is selected, there will be a language dropdown menu to select between English and Spanish on you Zip landing site.
- I. If you do not have a Spanish greeting message, select **Off**.
6. To upload logos to your Zip landing site, click the **Logos** fields to open your browser's upload light box.

Logos

- A. Select your logo.
- B. Click **Open**.
- C. Repeat the process to upload another logo.
- D. To delete a logo, click the corresponding X icon.

## Borrower Portal

7. After you have finished setting up your default Zip landing site, click the **Save** button at the bottom of the **Default Information** screen.  
A popup appears confirming that the screen is saved.
8. Click **OK**.

## Banner and Colors

Use the **Banner and Colors** screen to configure the banner and colors of your Zip landing site.

NOTE: The banner and colors you configure here are NOT editable by individual loan officers. That is, the banner and colors you choose here will be the banner and colors for the Zip landing sites of all loan officers in your organization.

1. In the **Select Type** section, choose how the layout of the landing site regarding text and images.

### Banner and Colors

*Upload an image to display on your landing page banner and enter messages to greet your borrowers.*

#### Select Type

Select a configuration for the landing page of your borrower interview portal.

#### Edit Banner and Colors

Set Back to Default

Edit Banner Main Color ? #0381a2 Background Color ? #f2f2f2 Font Open Sans

2. Select the **Main Color**, **Background Color**, and **Font**.

RELATED: For more information on configuring color, text, and font, see **Company Main**.

3. To configure the banner, click **Edit Banner**, to open the **Edit Banner** lightbox.

## Borrower Portal

The screenshot shows a 'Banner' configuration window. It has a title bar with 'Banner' and a close button. Below the title bar, there are two sections: 'Banner options' and 'Banner navigation options'. In the 'Banner options' section, there are three radio buttons: 'Do not display banner' (selected), 'Display text', and 'Display image'. In the 'Banner navigation options' section, there is a text input field with 'https://' followed by a blank space, and a 'Save' button at the bottom.

- A. In the **Banner options** section.
- I. If you do not want to display a banner, select the **Do not display banner** radio button.
  - II. To display text as the banner, select the **Display text** radio button. When this option is selected, more fields appear to help tailor your text.

This screenshot shows the configuration options for the 'Display text' radio button. It includes a text input field for entering the text to display on the banner. Below the text field, there are three controls: 'Main Color' with a color selector (highlighted in red in the original image), 'Background Color' with a color selector set to #0381a2, and 'Font' with a dropdown menu set to 'Verdana'.

- III. Enter the text.
- IV. Select the **Main color** by clicking the corresponding field, (**highlighted in red**) in the image below.

The color selector is enabled.

## Borrower Portal

- V. Use the color spectrum bar on the right to select the desired color, (**highlighted in red**) in the image above.
- VI. To further tune the color, use the circle, (**highlighted in red**) in the image below.

- VII. If you know the hex color code of the color you want, enter it in the corresponding field, (**highlighted in red**) in the image below.

- VIII. Click out once you have selected the desired color or entered the hex color code.
- IX. To select the **Background color**, repeat the same steps for **Text color**.
- X. Select the style of the text from the **Font** dropdown list.

YES!	-
Text color	Arial
Background color	Comic Sans MS
Font	Georgia

## Borrower Portal

- XI. Click **Browse** to open your browser's upload lightbox.
  - a. Select the banner for your Zip landing site.
  - b. Click **Open**.
  - c. Click **Upload**.  
The image is displayed.

Display image

File upload

(Maximum file size: 2MB. File types supported: JPEG, JPG, GIF, PNG.)

Banner Placement  Left  Center  Right

- XII. Select **Left**, **Center** or **Right** for your logo's **Banner Placement**.
  - XIII. To delete the logo image, click the X icon on the top right corner.
  - XIV. Click **Save**.
- C. Enter the URL in the **Banner navigation options** section.

### Banner navigation options

Navigate to the following URL when the banner is clicked:

https://

- D. Click **Save**.
4. Click **Preview** to launch your Zip landing site.

## Loan Originators

On the **Loan Originators** screen, as the administrator, you can create new user accounts and configure their access rights. Additionally, you can search for and edit the access rights of existing users.

The screen is composed of two sections, **Search** and **Results**.

- Use the **Search** section to locate a specific loan officer in your organization, by name (**Loan Originator** field), email (**Loan Originator Email** field), or the URL of the loan officer's Zip landing site (**Web Address** field).

## Borrower Portal

- The **Results** section lists all the loan officers in your organization by default. When you search for a specific loan officer, by name, email, or web address, the **Results** section will list the loan officer(s) that match your search criteria.

### Loan Originators

Search for and change the image, borrower landing page message and web address of a loan originator.

#### Search

Cell Phone*	408-997-5525			
NMLS Number	3322			

**Borrower Interview Configuration**

You can confirm the details via [Configuration](#).

Config 1: Full Loan App  
 Config 2: Partial App 1

**Borrower Portal**

Save

2. In the **Contact** section, edit the loan officer's name, title, email, mobile phone and NMLS numbers as applicable.
3. In the **Borrower Interview Configuration** section, select which loan interview configuration should be used for the loan officer's interview portal.

RELATED: For more information on creating different loan interview configurations, see **Adding and Selecting Configurations**.

4. In the **Borrower Portal** section, select the loan officer's access rights to the Zip admin site or whether to disable the loan officer's borrower interview portal, through the following radio button options.
  - **Disable Site** - Choose this option to disable the loan officer's Zip landing site and interview portal, except for eSign and document request functions.
  - **No Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to not give the loan officer access to the Zip admin site.
  - **Read Only/Limited Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and give the loan officer read-only access to the Zip admin site.
  - **Edit/User Configurable** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to give the loan officer read/write access to the Zip Admin site, which allows the loan officer to configure the image, company information, messages, etc. of their Zip landing site.

## Borrower Portal

- If applicable, scroll down to the **Delivery – Loan Information Download** section and edit the Path username to connect with the loan officer’s Zip interview portal.

NOTE: This section only appears if you use Path as your loan origination system. For Point, Zenly, and NAMB All-In users, this section does not appear.

**Delivery - Loan Information Download**

Enter the following information to connect with Path:

Path User Name

**State Licenses** Delete all Add all Add

State  License Number  

Save

NOTE: There is only one Path company account (**Path Account ID**) for all Zip interview portals in your organization. However, there can be different Path user accounts (**Path User Name**) connected to different Zip interview portals. In other words, all Zip interview portals are connected to one Path company account, while the Zip interview portals of individual loan officers can be connected to different Path user accounts that belong to the same Path company account.

RELATED: For more information on setting the Path company and user accounts, see **Delivery**.

- If applicable, edit the loan officer’s license information in the **State Licenses** section:
  - To delete a state license, click its corresponding delete icon () (highlighted in red) in the image above.
  - Click the **Delete all** button, to delete all state licenses.
  - Click the **Add** button to add one more state license. Additional fields are enabled to select the state and enter the license number.

**State Licenses** Delete all Add all Add

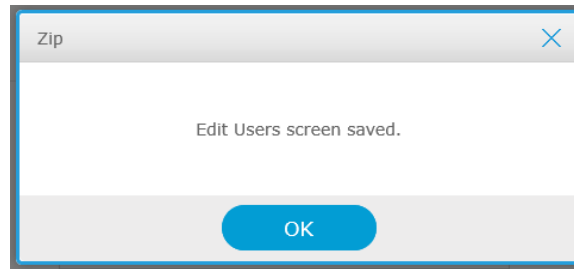

State  License Number  

State  License Number  

- Select the **State** from the dropdown list.
  - Enter the **License Number**.
- If applicable, click the **Add all** button to enable license fields for all 50 states and enter the license number for each state.

## Borrower Portal

- After you have finished editing the loan officer's access rights, click **Save**. A popup appears confirming that the edited information is saved.

- Click **OK**.

## Editing Loan Officer Zip Landing Site

To edit a loan officer's Zip landing site:

- Click the name of the loan officer in the **Results** section table, after you have located their account via the **Search** section, highlighted in the image below.

RELATED: For more information on searching for loan officers, see **Searching for Loan Officers**.

RELATED: To configure the loan officer's Zip landing site to be different than the company default, see **Editing Loan Officer Zip Landing** . And to give the loan officer

## Borrower Portal

access rights to configure their own Zip landing site, see **Editing Loan Officer Access Rights**.

The screenshot shows a 'New User' form with a close button (X) in the top right corner. The form is divided into three main sections: 'Contact', 'Borrower Interview Configuration', and 'Borrower Portal'. The 'Contact' section includes fields for 'First Name\*', 'Middle', 'Last Name\*', 'Suffix', 'Title', 'Email\*', 'Cell Phone\*', and 'NMLS Number'. The 'Borrower Interview Configuration' section includes a link to 'Configuration' and two radio button options: 'Config 1: Full Loan App' (selected) and 'Config 2: Partial App 1'. The 'Borrower Portal' section is currently empty. A blue 'Save' button is located at the bottom center of the form.

3. In the **Contact** section, enter the loan officer's name, email, phone number, and NMLS number in the applicable fields.
4. If applicable, in the **Borrower Interview Configuration** section, select which version of the loan interview configuration to use for this loan officer.

RELATED: For more information on configuring different versions of loan interviews, see **Adding and Selecting Configurations**.

5. In the **Borrower Portal** section, choose the loan officer's access rights to the Zip admin site and whether to disable the loan officer's borrower interview portal, through the following radio button options, as applicable.
  - **Disable Site** - Choose this option to disable the loan officer's Zip landing site and interview portal, except for eSign and document request functions.
  - **No Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to not give the loan officer access to the Zip admin site.
  - **Read Only/Limited Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and give the loan officer read-only access to the Zip admin site.
  - **Edit/User Configurable** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to give the loan officer read/write access to the Zip Admin site, which allows the loan officer to configure the image, company information, messages, etc. of their Zip landing site.

## Borrower Portal

6. If applicable, scroll down to the **Delivery – Loan Information Download** section and enter the Path username to connect the loan officer’s Zip interview portal to Path user account.

NOTE: This section only appears if you use Path as your loan origination system. For Point, Zenly, and NAMB All-In users, this section does not appear.

**Delivery - Loan Information Download**

Enter the following information to connect with Path:

Path User Name

**State Licenses** Delete all Add all Add

State  License Number

NOTE: There is only one Path company account (**Path Account ID**) for all Zip interview portals in your organization. However, there can be different Path user accounts (**Path User Name**) connected to different Zip interview portals. In other words, all Zip interview portals are connected to one Path company account, while the Zip interview portals of individual loan officers can be connected to different Path user accounts that belong to the same Path company account.

RELATED: For more information on setting the Path company and user accounts, see **Delivery**.

7. Enter the loan officer’s license information in the **State Licenses** section:
  - A. Select the **State** from the dropdown list.

- B. Enter the **License Number**.

- C. Click the **Add** button to add one more state license.

Additional fields are enabled to select the state and enter the license number.

**State Licenses** Delete all Add all Add

State  License Number

State  License Number

- D. Click the **Add all** button to enable license fields for all 50 states and enter the license number for each state.

- E. To delete a state license, click its corresponding delete icon ().

- F. If applicable, click the **Delete all** button, to delete all state licenses.

## Borrower Portal

- After you have finished configuring the new loan officer's access rights, click **Save**. The loan officer is added to the **Results** section table.

## Forwarding

The forwarding feature allows the emails going to one loan officer to be forwarded to another loan officer. For scenarios such as one loan officer being on vacation and cannot answer emails, the forwarding feature allows another loan officer to receive and answer the emails for the vacationing loan officer.

NOTE: This section is only relevant if you use Point as your loan origination system. For Path, Zenly, and NAMB All-In users, this section does not apply.

To set up email forwarding:

- Select the **Forwarding** tab in the **Loan Originators** screen.

### Loan Originators

*Search for and change the image, borrower landing page message and web address of a loan originator.*

Edit Loan Originator **Forwarding**

You can designate one LO to receive the interview submissions, documents, and e-signatures of another LO.

#### Forward From/To

In the From dropdown menu, select the LO whose messages are being forwarded. In the Forward To dropdown menu, select the LO who is receiving the forwarded messages.

From  → Forward To  **Add**

#### List

In the table below, the From column lists the LO whose messages are being forwarded. The Forward To column lists the LO who is receiving the forwarded messages. To stop this arrangement, click the (X) icon in the Cancel column.

From	Forward To	Cancel
no data		

- In the **From** dropdown menu, select the loan officer whose emails will be forwarded.
- In the **Forward To** dropdown menu, select the loan officer who will receive the forwarded emails.
- Click **Add**.

A popup appears asking you to confirm your forwarding selections.

Are you sure you want this LO to receive the forwarded messages?

**No** **Yes**

## Borrower Portal

5. Click **Yes** to confirm.

Your forwarding selections are listed in the table in the List section.

### List

In the table below, the From column lists the LO whose messages are being forwarded. The Forward To column lists the LO who is receiving the forwarded messages. To stop this arrangement, click the (X) icon in the Cancel column.

From	Forward To	Cancel
Calyx Lenders	Carlos Wong	

6. To delete a forwarding selection, click its corresponding (X) icon, as show above (**highlighted in red**).

## Products

# Products

Via the **Products** menu, you, as the administrator, can set up loan products, from which borrowers can choose in the Zip borrower portal. This menu is divided into two screens:

- **Product Introduction**
  - Use this screen to provide borrowers with an introduction to your products.
- **Product Details**
  - Use this screen to provide borrowers with details about your products.

## Product Introduction

On the **Product Introduction** screen, you, as the administrator, can provide borrowers with an introduction to the loan products offered by your company.

## Products

### Product Introduction

Zip enables you to present and promote your loan products, which you can set up here. Once set up is completed, borrowers will be able to apply for your loan products online.

# Borrower Interview

Via the **Borrower Interview** menu, as the administrator, you can configure the borrower interview portal, which is the interview process that takes place after applicants click the **Get Started** button on your Zip landing site. How you configure the borrower interview portal will be reflected in each loan officer's borrower interview portal.

NOTE: Loan officers can customize their own Zip landing sites, should you grant those access rights to them (which you can do here, **Editing Loan Officer Access Rights**), but they cannot customize their own borrower interview portals.

## Configuration

On the **Configuration** screen, you can choose which types of questions to have in the borrower interview portal and which types of take out (for example, demographic and employment questions about the borrower). The grayed-out checkboxes (**Contact** and **Submit**) represent the pages of the borrower interview portal that cannot be taken out. Unchecked boxes are omitted from the interview. For example, if **Refinance** is unchecked, all questions regarding refinancing are taken out of the interview.

### Configuration

Customize the Zip borrower interview to include the information you want to collect from potential borrowers.

#### Borrower Interview Configuration

You can create various configurations of the borrower interview and select which configuration to use for which loan officer, via [Loan Originators > Edit Users](#). By clicking the plus button (+) below, you can add as many different configurations as desired.

Select Default Configuration

#### Edit Configuration

**Config 00**  

#### Detailed Settings

Check the boxes to indicate the information you want to include in your borrower interview.

<input type="checkbox"/> (All) Menu	Required
<input checked="" type="checkbox"/> Contact	
<input checked="" type="checkbox"/> Custom Question 1 	
<input checked="" type="checkbox"/> Loan and Property	
<input checked="" type="checkbox"/> Street Address	
<b>Loan Purpose</b>	
<input checked="" type="checkbox"/> Purchase	
<input checked="" type="checkbox"/> Refinance	
<input checked="" type="checkbox"/> Lower Interest rate and payment	
<input checked="" type="checkbox"/> Cash Out	
<input checked="" type="checkbox"/> Pay Off Debt	
<input checked="" type="checkbox"/> Home Improvement	
<input checked="" type="checkbox"/> HELOC	

## Borrower Interview

### Edit Configuration

In the **Edit Configuration** section, the checkboxes represent pages and sections in the borrower interview portal: **Contact**, **Custom Question**, **Loan and Property**, **Personal**, **Financial**, **Declarations**, **Demographic**, and **Submit** (as seen in the image below).

The screenshot shows the 'Edit Configuration' interface for the Borrower Interview. On the left is a sidebar menu with the following items: 'Contact' (highlighted in a gold bar), 'Custom Question 1', 'Loan and Property', 'Personal', 'Financial', 'Declarations', 'Demographic', and 'Submit'. Below the menu is a 'Contact Us' section with contact information for Bowen C Zhao: 408-997-5525, bower\_zhao@calyxsoftware.com, and Calyx Software. The main form area is titled 'Contact Information (\* Required fields)' and contains the following fields: 'First Name\*', 'Middle Name', 'Last Name\*', and 'Suffix' (with a dropdown arrow); 'Email\*' and 'Phone\*' (with a dropdown arrow); and 'Preferred Contact Method' (with a dropdown arrow). A gold 'Next' button is located at the bottom right of the form.

To configure the Zip interview portal:

1. Go to **Borrower Interview > Configuration** screen.  
By default, all checkboxes (pages in the borrower interview portal) and sub-checkboxes (sections within the pages) are selected.
2. Choose which pages and sections to include in or leave out of the borrower interview, by selecting or de-selecting their respective checkboxes.
  - A. To insert a page of custom questions in the borrower interview, leave the **Custom Question 1** checkbox selected and click its corresponding **Edit** button.

The screenshot shows a configuration panel with a list of checkboxes. At the top left is an unchecked checkbox for '(All) Menu'. At the top right is a 'Required' label. The list includes: 'Contact' (checked), 'Custom Question 1' (checked) with an 'Edit' button next to it, 'Loan and Property' (checked), and 'Street Address' (checked). A red rectangular box highlights the 'Custom Question 1' checkbox and its 'Edit' button.

The **Edit Custom Questions** lightbox is opened.

NOTE: Depending on your selection, the answer/option field(s) for the question will change to match the format. Additionally, selecting **Multiple Choice** or **Checkboxes** requires you to enter options for these questions.

For example, the multiple-choice question format will enable multiple options for the borrower to select, as shown below.

## Borrower Interview

English Spanish

Question \_\_\_\_\_ Multiple Choice

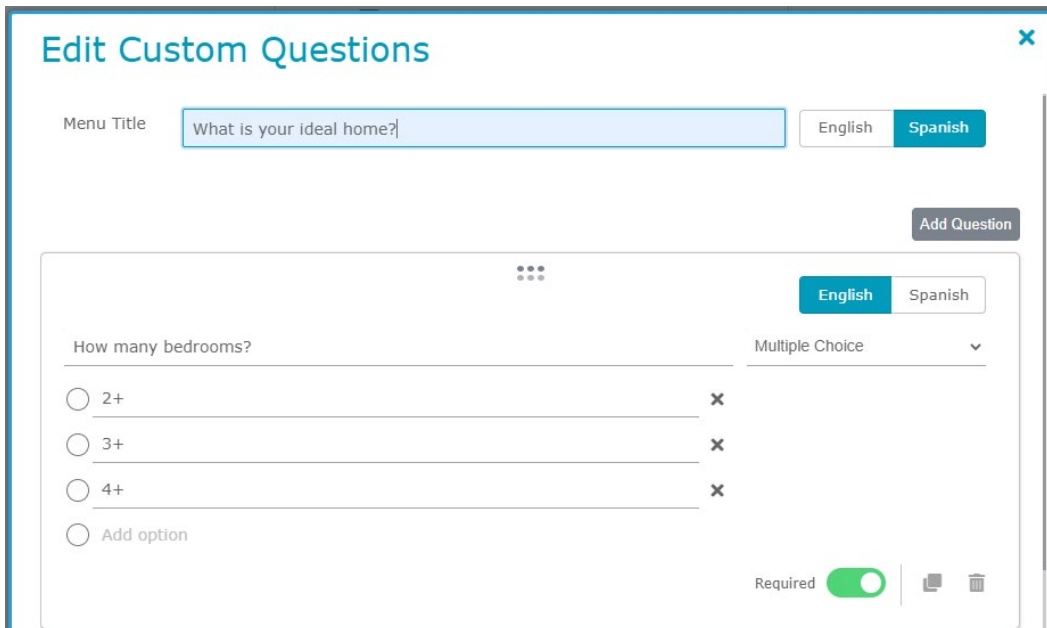

\_\_\_\_\_ x

\_\_\_\_\_ x

Add option

Required   

- III. Enter the first question after selecting the question format. Shown below is an example of a multiple-choice format with three options entered, for the borrower to choose from

Edit Custom Questions

Menu Title: What is your ideal home? English Spanish

How many bedrooms? \_\_\_\_\_ Multiple Choice

2+ \_\_\_\_\_ x

3+ \_\_\_\_\_ x

4+ \_\_\_\_\_ x

Add option

Required   

- IV. To add more questions, click the **Add Question** button. You can add up to 20 questions.
- V. To duplicate a question, click the copy icon ()
- VI. To delete a question, click the delete icon ()
- a. Once  is clicked, two more icons appear, asking you to confirm () or cancel () your decision to delete the question.

How many bedrooms? \_\_\_\_\_ Text

Answer \_\_\_\_\_

Required   

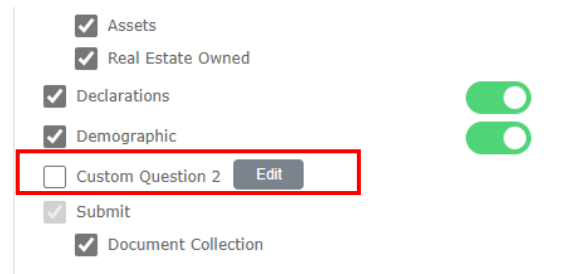

- b. Select  to confirm the deletion of the question.

## Borrower Interview

- c. Select **X** to cancel the deletion of the question.
- VII. To move the position of a question, click the question box and drag it to the desired position.
- VIII. To set a question as required or not required, switch the **Required** toggle between on or off. If the **Required** toggle is on, it means the question will have an asterisk (\*), indicating that it is required.
- IX. Click **Save** to save the questions; or click **Save & Preview** to save the questions and preview what they will look like in the borrower interview.  
After the **Edit Custom Questions** lightbox is closed, **Custom Question 1** is changed to the custom question you entered. In the example below, it has been replaced by **What is your ideal home?**

- B. To add more custom questions to the borrower interview, select the checkbox of **Custom Question 2** and click the **Edit** button and repeat the above steps.

- C. For **Declarations** and **Demographics**, switching on (or leaving on) the toggle makes all declarations questions required as shown below (highlighted in red). This means that all questions on the **Declarations** page of the interview will have asterisks (\*), indicating that they are required.

- I. With the toggle switched off, the declarations questions still remain in the interview, but they will not be required, as shown below.

- II. To remove the declarations questions, de-select the checkbox, as shown below (highlighted in red).

## Borrower Interview

Real Estate Owned

**Declarations**

Demographic

- III. If the **Employment** checkbox is deselected, the question about the borrower having dependents will be left out of the interview.

Personal

Social Security Number

Employment

3. At the bottom of the screen, select how the loan interview should be completed when there is an additional borrower. Choose to have the main borrower (the one who is completing the loan on behalf of the co-borrower) complete the loan interview on behalf of the additional borrower (co-borrower) or to have the additional borrower complete their portion of the loan interview by themselves, through invitation link via email.

Document Collection

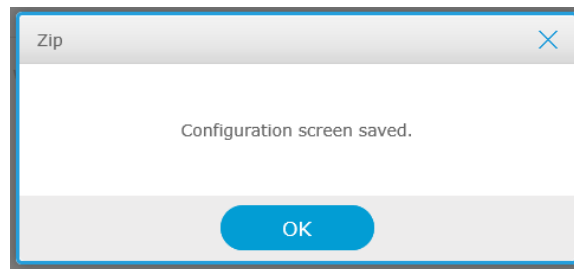

**When the loan has an additional borrower,**

Collect the co-borrower's information in the same interview, on behalf of the co-borrower.

Send a separate interview notification to the co-borrower to be completed by them. In this case, both borrowers would need to complete their separate interviews, for the loan to be delivered to your LOS.

Save

4. Click **Save**.  
A popup appears confirming that the screen is saved.

5. Click **OK**.  
The de-selected pages and sections are disabled in the borrower interview portal.

NOTE: If your Zip account is integrated with Path, you can find the borrower interview in the **Document** activity, as shown in the below image.

## Borrower Interview

## Adding and Selecting Configurations

You can also add and select different configurations of loan interviews.

After you have created different configurations, different loan officers in your organization can choose different configurations of loan interviews, via the **Edit Users** lightbox on the **Loan Originators** screen, see **Editing Loan Officer Access Rights**.

### Edit Configuration

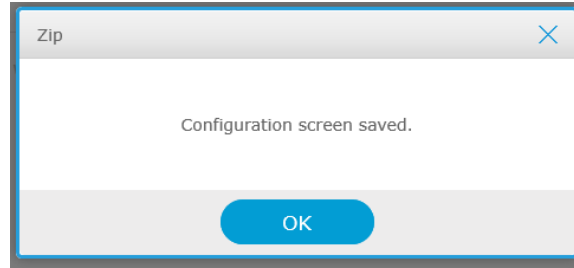

1. Click the add icon to add **Config 2** field.

### Edit Configuration

2. Enter a name for the new configuration.
3. Select and deselect the pages and sections to leave in or leave out of the borrower interview portal.
4. Click **Save**.  
A popup appears confirming that the screen is saved.

## Borrower Interview

5. Click **OK**.  
The new configuration has been added to the **Select Default Configuration** dropdown menu.

### Borrower Interview Configuration

You can create various configurations of the borrower interview and select which configuration is the default. For more information, see [Loan Originators > Edit Users](#). By clicking the plus button (+) below, you can add as many configurations as you need.

6. Select the appropriate configuration as the default loan application.
7. To add more configurations, repeat the above steps.

## Disclaimer/Result

On the **Disclaimer/Result** screen, you can compose the disclaimer and thank you messages that appear before and after borrowers submit their applications in your organization's Zip borrower interview portal.

### Disclaimer

To enter the disclaimer message to borrowers before they submit their applications:

1. Select the **Disclaimer/Result** screen from the **Borrower Interview** menu.

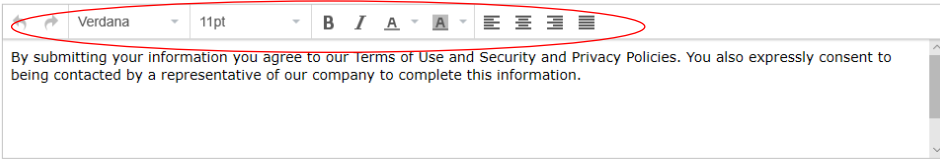

## Borrower Interview

### Disclaimer/Result

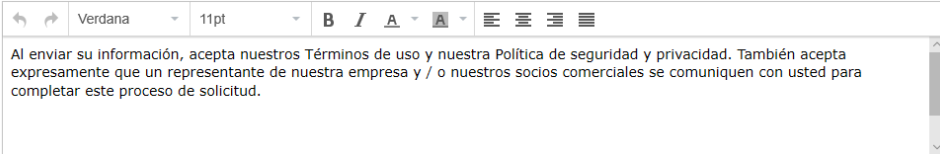

Customize the messages that display before and after the borrower interview is submitted.

#### Disclaimer

# Retention Policy

On the **Retention Policy** screen, as the administrator, you can determine how long your organization retains borrower information before it is deleted.

## Retention Policy

*Zip is configured to automatically delete loan documents after 365 days.*

*Use this screen to customize these settings for your company.*

*Document retention time is based on the policy in place at the time Zip received the document. Deleted documents cannot be retrieved.*

### Loan Information

Retain loan Information for  days (Retention period must be between 1 and 365 days.)

### eDisclosure & eSignature

Record Retention The E-Sign Act requires a financial institution to maintain electronic records accurately reflecting the information contained in applicable contracts, notices or disclosures and that they remain accessible to all persons who are legally entitled to access for the period required by law in a form that is capable of being accurately reproduced for later reference. See Section 101(d).

Retain electronic disclosures and electronically signed documents for  days (minimum 90 days.)

Save

To set the retention policy for your organization:

1. Select the **Retention Policy** menu.
2. In the **Loan Information** section, enter the number of days before loan information is deleted, (**highlighted in red**) in the image below. The retention period starts when the loan is submitted. The minimum is 1 day, and the maximum is 365 days.

### Loan Information

Retain loan Information for  days (Retention period must be between 1 and 365 days.)

3. In the **eDisclosure & eSignature** section, enter the number of days before electronic disclosures and electronically signed documents are deleted, (**highlighted in red**) in the image below. The retention date starts when the electronic document is submitted. The minimum is 1 day, and the maximum is 365 days.

## Retention Policy

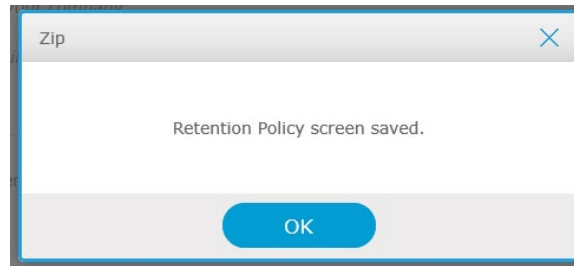

### eDisclosure & eSignature

---

Federal law requires you to retain electronic disclosures and electronically signed documents for a minimum of 1 days to ensure applicants have sufficient time to access them and review..

Retain electronic disclosures and electronically signed documents for  days (minimum 1 day)

4. After setting the retention policy, click **Save**.  
A popup appears confirming that the information entered is saved.

5. Click **OK**.

## Delivery

# Delivery

If you use Path as your loan origination system, as the administrator you can connect your Zip and Path accounts with each other via the **Delivery** screen, which will automatically import to your Path account all loan applications that are submitted through your organization's Zip borrower interview portals.

NOTE: This section is only relevant if you use Path as your loan origination system. For Point, Zenly, and NAMB All-In users, this section does not apply.

## Delivery

*Download loan information directly to your LOS with the integrated Zip interface. Data transferred between Zip and your LOS.*

### Loan Information Download

---

Specify the Loan Origination System you will use to receive loan information.

Complete the following information to connect with Path:

Path Account ID	<input type="text"/>
Path User Name	<input type="text"/>

Save

[View Site](#)

To set up the connection between your Zip and Path accounts:

1. Select the **Delivery** menu.
2. Enter the **Path Account ID** and **Path User Name** to be connected to Zip.

NOTE: There is only one Path company account (**Path Account ID**) for all Zip interview portals in your organization. However, there can be different Path user accounts (**Path User Name**) connected to different Zip interview portals. In other words, all Zip interview portals are connected to one Path company account, while the Zip interview portals of individual loan officers can be connected to different Path user accounts that belong to the same Path company account.

## Delivery

RELATED: For more information on setting the Path user account connection for a loan officer or giving a loan officer access right to set their own Path user account connection, see **Editing Loan Officer Access Rights**.

3. Click **Save**.

A popup appears confirming that the information entered is saved.

4. Click **OK**.

- A. For **Use Reminder**, select **On**.  
The default setting is **Off**.
- B. For **Select Reminder Methods**, select **Email** or **Text** or both.
- C. For **First Reminder**, select when the reminder is sent (how many days before the due date) and what time of the day.
- D. For **Reminder Frequency**, select how often the reminder is sent.

## Notifications

5. In the email **Subject**, **Body**, and **Footer** fields, enter or edit the content of the reminder email. A default email is provided by default, with subject, body, footer. You can choose to use the default email or modify it to your liking.

The screenshot displays an email configuration interface. At the top right, there are two tabs: "English" (selected) and "Spanish". Below the tabs, there are three main sections: "Subject", "Body", and "Footer".

- Subject:** The text "Document Due Date Coming Up!" is entered.
- Body:** The text "Hi {Borrower\_Name},  
I am {LO\_Name} from {Company\_Name}. In order to continue your loan process, we need you to provide the following outstanding document(s) listed below, which is due very soon. Please log in to your borrower account via the below link.  
{SignIn\_HyperLink}  
{Document\_Request}" is entered. The top bar of this section includes a font size dropdown (Open Sans, 11pt), bold (B), italic (I), underline (A), and a dropdown menu labeled "Insert Merge Fields". This top bar is highlighted with a blue oval.
- Footer:** The text "Have questions? Please contact your loan officer directly." is entered. The top bar of this section includes the same font and formatting options as the Body section, plus the "Insert Merge Fields" dropdown menu, which is highlighted with a red oval.

At the bottom of the interface, there are three buttons: "Insert Merge Fields?", "Set Back to Default", and "Send Sample". A large blue "Save" button is centered at the bottom of the page.

- A. To enter or modify the English version of the reminder email, select the **English** tab. In this example, English is used.
- B. Enter or modify the **Subject**, **Body**, and **Footer** of the reminder email.
  - I. Use the top bar on each email field to tailor the design of the emails, such as font, size, bold, italics, etc., (highlighted in blue) the image above.
  - II. To insert a merge field into the **Body** and **Footer** of the email, select from the **Insert Merge Fields** dropdown field, (highlighted in red) the image above.

NOTE: As Zip provides a default template for each email type, these templates have bracketed tags (merge fields) that autofill common elements within emails, such as the borrower's name, your organization's name, the loan officer's name, etc. For example, when the {Borrower\_Name} tag is placed at the beginning of the email template, the borrower's name will also be placed at the corresponding position at the beginning of the email. The merge field is inserted wherever your text cursor is placed within the **Body** and **Footer** of the email.

- a. Place the text cursor at the desired place within the **Body** and/or **Footer** to insert the merge field.
  - b. Select the merge field option from the dropdown menu.
- III. After you have entered or edited the **Subject**, **Body**, and **Footer** of the reminder email to your liking, click **Save**.

## Notifications

- C. To enter or edit the Spanish version of the reminder email, select the **Spanish** tab.
  - D. To send a sample email as a test, click the **Send Sample** button.  
The **Send Sample Email** lightbox is opened.
    - I. Enter the email address where the sample email is sent in the **Send To** field.
    - II. Click **Send**.
  - E. To set the email content back to the default setting, click **Set Back to Default**.
6. In the **Text Notification** section, enter or edit the reminder text.

### Time Zone Configuration for eSign Timestamp

Via the dropdown menu below, select the time zone that is used to timestamp when the requested documents are signed by borrowers.

- A. In the **Receive LO Notification Emails** section, you can choose whether to receive an email notification whenever a loan is submitted through the Zip interview portal of your organization's loan officer(s).

NOTE: By default, this feature is not enabled.

- I. Select the **On** radio button to enable this feature,
  - II. Enter email address to receive notification emails when loans are submitted through your organization's various borrower interview portals.
- B. Select whether you want to receive a notification email when a borrower agrees to share their contact information.
- C. In the **Time Zone Configuration for eSign Timestamp** section, select the time zone that will be used to timestamp the electronic signatures signed by borrowers.
4. After you have set up the email addresses, click **Save**.  
A popup confirms that the information entered is saved.
  5. Click **OK**.

## Notifications

### Edit Emails

Zip provides default notification emails that are sent to borrowers after they have submitted loan through Zip. On the **Edit Emails** screen, as the administrator, you can tailor these notification emails to the needs and wants of your organization.

#### Email Notifications

In the **Email Notifications** section, as the administrator, you can customize notification emails that are sent to borrowers, requesting electronic signatures, documents, interviews, and VOA (verification of asset).

1. Select the **Edit Emails** screen.

### Edit Emails

Select Loan Originator

#### Email Notifications

Customize the notification emails that are sent to the borrower when you need a document from the borrower or to send a confirmation email to the borrower. Areas to customize are the email's subject, introduction, and footer, where it is recommended that you include your contact information so that it is convenient for the borrower to reach you, should they have questions that need to be answered.

[Copy Setting](#)

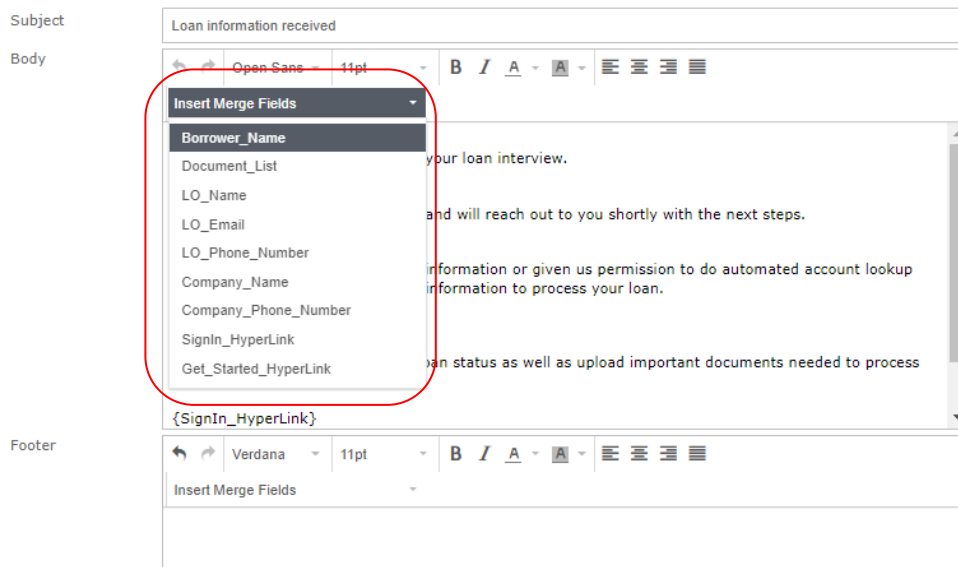

Customize the thank you email sent to the borrower when they submit an interview. As a convenience to the borrower, we recommend you include your contact information and any other information you want them to know.

Subject	<input type="text" value="Loan information received"/> <input type="button" value="Insert Merge Fields"/>
Body	<div style="border: 1px solid #ccc; padding: 5px;"><p>Hi {Borrower_Name}, Success! Thank you for submitting your loan interview.</p><p>What's Next: We are reviewing your information and will reach out to you shortly with the next steps.</p><p>Want to be ahead of the game? While you may have entered asset information or given us permission to do automated account lookup and importing, we may need more information to process your loan.</p><p>{Document_List}</p><p>Click the link below to check your loan status as well as upload important documents needed to process your</p></div> <p><a href="#">Insert Merge Fields?</a> <input type="button" value="Set Back to Default"/> <input type="button" value="Send Sample"/></p>
Footer	<input type="text" value=""/> <input type="button" value="Insert Merge Fields"/>

## Notifications

2. At the top of the screen select which loan officer whose email is to be configured, from the **Select Loan Originator** dropdown menu.
3. In the **Email Notifications** section, select which type of notification email to modify from the dropdown menu, (**highlighted in red**) in the image above.  
**Thank You Email** is used as an example.
4. If applicable, review and edit the **Subject**, **Body**, and **Footer** for the English version of the **Thank You Email** email.
  - o Use the top bar on each email field to tailor the design of the emails, such as font, size, bold, italics, etc., (**highlighted in blue**) the image above.
5. To insert a merge field into the **Subject**, **Body**, and **Footer** of the email, select from the **Insert Merge Fields** dropdown field.  
In this example, the **Body** is used.

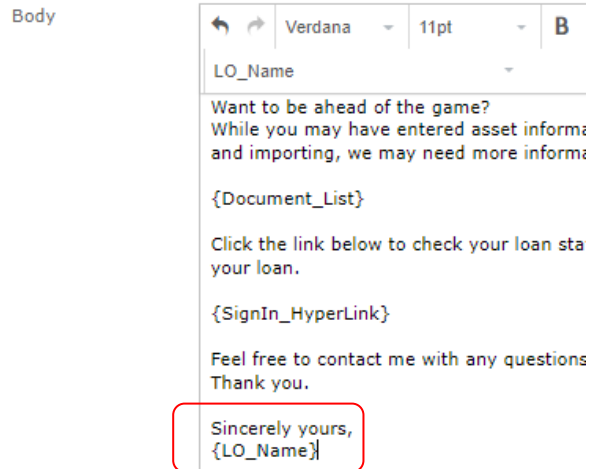

NOTE: As Zip provides a default template for each email type, these templates have bracketed tags (merge fields) that autofill common elements within emails, such as the borrower's name, your organization's name, the loan officer's name, etc. For example, when the {Borrower\_Name} tag is placed at the beginning of the email template, the borrower's name will also be placed at the corresponding position at the beginning of the email. The merge field is inserted wherever your text cursor is placed within the **Body** and **Footer** of the email.

- A. Place the text cursor at the desired place within the **Body** to insert the merge field.
- B. Select the merge field option (**highlighted in red**) shown above.  
In this example **{LO\_Name}** is placed after "Sincerely yours," in the email **Body**, (**highlighted in red**) in the image below.

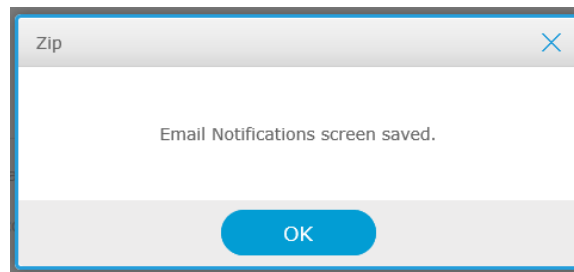

## Notifications

6. If applicable, click the **Spanish** tab and modify the Spanish version of the **Thank You Email**.
7. Repeat the above steps for the rest of the notification emails.

8. After you have finished customizing the notification emails to your liking, click the **Save** button at the bottom of the screen.  
A popup appears confirming that the screen is saved.

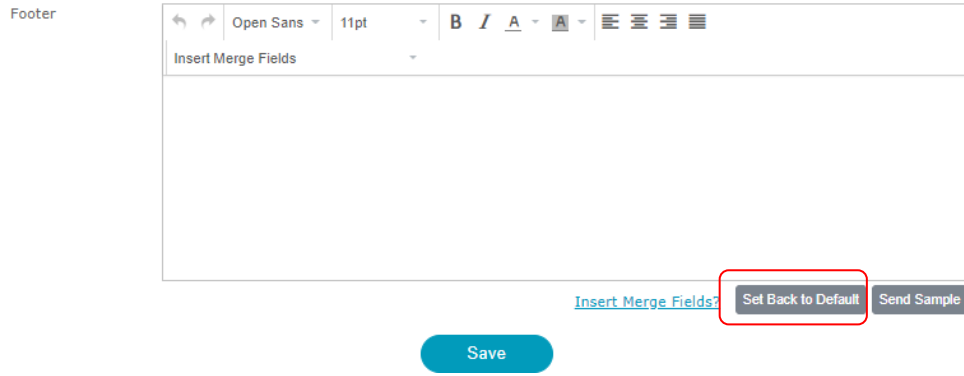

9. Click **OK**.

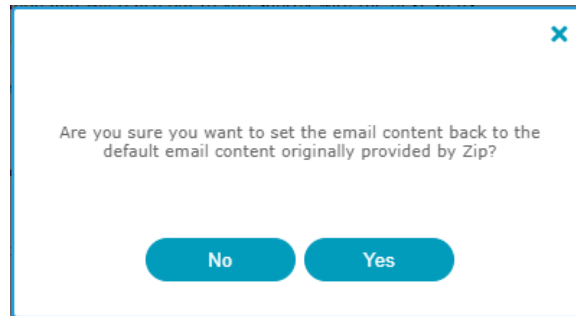

### **Set Back Email Content to Default**

1. If you want to set the **Subject**, **Body**, and **Footer** of the email back to their default settings, click the **Set Back to Default** button, (highlighted in red) in the image below.

## Notifications

A popup asks you to confirm the decision to set the email back to the default settings.

2. Click **Yes**.

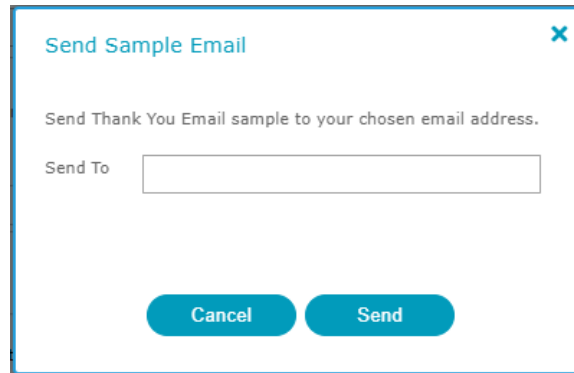

### **Send Sample Email**

1. If you want to send a test email, click the **Send Sample** button, (highlighted in red) in the image below.

A popup appears asking you to confirm the sending of the test email.

## Notifications

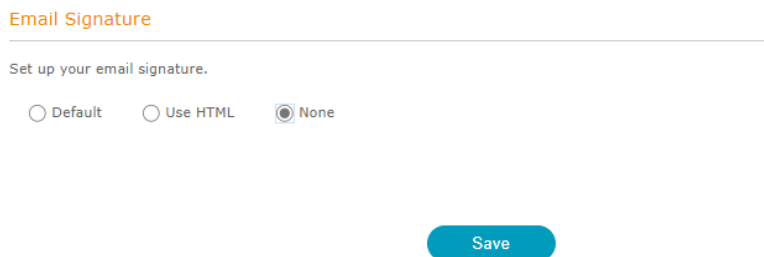

A dialog box titled "Send Sample Email" with a close button (X) in the top right corner. The text inside reads: "Send Thank You Email sample to your chosen email address." Below this is a "Send To" label followed by an empty text input field. At the bottom of the dialog are two buttons: "Cancel" and "Send".

2. If the field is not already populated, enter or edit the email address in the **Send To** field.
3. Click **Send**.

## Email Signature

In the **Email Signature** section, you can set up an email signature that appears at the bottom of all your notification emails.

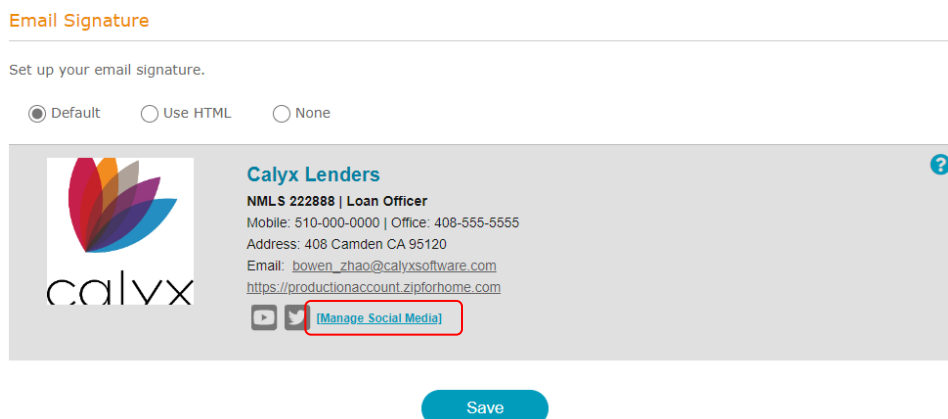

The "Email Signature" configuration form. It has a title "Email Signature" and a subtitle "Set up your email signature." Below the subtitle are three radio buttons: "Default", "Use HTML", and "None". The "None" radio button is selected. A "Save" button is located at the bottom right of the form.

1. To select the default email signature provided by Zip, select the **Default** radio button.

NOTE: The default email signature is based on information entered in the **Borrower Landing Page** lightbox and the **Edit User** lightbox of the Zip administrator.

RELATED: For information on editing these lightboxes, see [Editing Loan Officer Access Rights](#) and [Editing Loan Officer Zip Landing Site](#).

The "Email Signature" configuration form with a preview. The form has the same title and subtitle as above. The "Default" radio button is selected. Below the form is a preview of the email signature. The preview shows the Calyx logo on the left and the following text on the right: "Calyx Lenders", "NMLS 222888 | Loan Officer", "Mobile: 510-000-0000 | Office: 408-555-5555", "Address: 408 Camden CA 95120", "Email: bowen\_zhao@calyxsoftware.com", and "https://productionaccount.zipforhome.com". There are also social media icons for YouTube and Twitter, and a "Manage Social Media" button. A "Save" button is located at the bottom right of the preview area.

## Notifications

- A. With the default email signature, you can also add (up to 5) social media links, by clicking the **Manage Social Media** link, (highlighted in red) in the above image, to open the **Manage Social Media** lightbox.

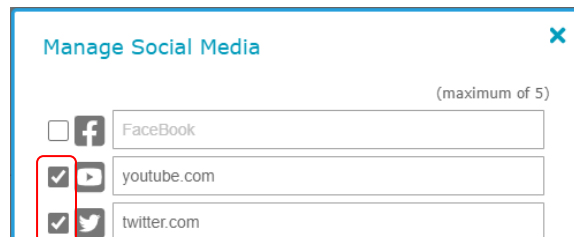

Manage Social Media ×

To download the borrower interviews in a excel file, click **Excel Download**, highlighted in the image above.

## INK-it Reports

If you use Path or Point as your loan origination system, via the **INK-it Reports** screen, you can search for electronic signature documents that were sent out to borrowers.

NOTE: This screen is only available to you if you use Path or Point as your loan origination system. For Zenly and NAMB All-In users, this screen is not available.

To search for eSign documents:

1. Select the **INK-it Reports** screen from the **Reports** menu.
2. To search by loan officer name:
  - A. Enter the name in the **Loan Originator Name** field.

## Reports

- B. Or click the field to enable a list of the loan officers in your organization.
  - C. Click the name of the loan officer.  
The loan officer's name is populated in the field.
  - D. To enter more loan officers in the search, repeat the above steps.
  - E. Click the **Search** button.  
The **Results** section table lists results of the search.
3. To search by borrower email:
  - A. Enter the borrower email in the **Borrower Email** field.
  - B. Or click the field to enable the list of borrower emails to which eSign documents were sent.
  - C. Click the borrower email.  
The field is populated with the borrower email.
  - D. To enter more borrower emails in the search, repeat the above steps.
  - E. Click **Search**.  
The **Results** section table lists the search results.
4. To search by date:
  - A. Enter the start and end dates (month/date/year - month/date/year) in the **E-signature requests sent between** field.
  - B. Or click the field to enable the dropdown calendar.
  - C. Select the start and end dates.
  - D. Click **Search**.  
The **Results** section table lists the search results.
5. Click **Resend** to send again the completed INK-it reports and borrower uploaded documents (such as eSign documents) to the LOS, in case the LOS did not receive them in the first place.

## Borrower Uploaded Document

On the **Borrower Uploaded Document** screen, you can search for borrower uploaded documents, such as government issued IDs, bank statements, pay stubs, etc.

To search for borrower uploaded documents:

1. Select the **Borrower Uploaded Document** screen under the **Reports** menu.
2. Search by loan officer:
  - A. Enter the loan officer name in the **Loan Originator Name** field.
  - B. Or click the field to enable the dropdown list of the loan officers in your organization.

OK

- Select the checkbox of the condition to be added.
  - To select all checkboxes for a section, switch on its corresponding toggle.
  - To select all checkboxes, switch on the **Select All** toggle.
  - Click **OK**.
8. To add more requested documents, click the **Add New Document** button, as shown below (highlighted in red).

Document List

In the fields below, enter the documents to be received from the borrower.

1. Document Name

Note

- Continue this process to add more document requests.
- After adding all your requested documents, click **Save**.  
A popup appears confirming that the information entered is saved.
- Click **OK**.

## Settings

### VOA Settings

On the **VOA Settings** screen, you can choose whether to enable the verification of asset feature. And if you use Path or Point as your loan origination system, you can choose to use your own FormFree® account if you have one.

#### Enabling VOA

To turn VOA settings on or off:

1. Select the **VOA Settings** screen from the **Settings** menu.

#### VOA Settings

*Here FormFree® account holders can enable the VOA(verification of asset) feature in the borrower interview portal. When enabled, borrowers can enter their bank account login credentials in the VOA section of the borrower interview portal, which will automatically generate VOA reports that verify their financial assets.*

##### Use Verification of Asset Report

Enter your FormFree account credentials to receive the complete VOA report. To create an account or receive assistance with your FormFree User ID and Password, click [here](#).

On  Off

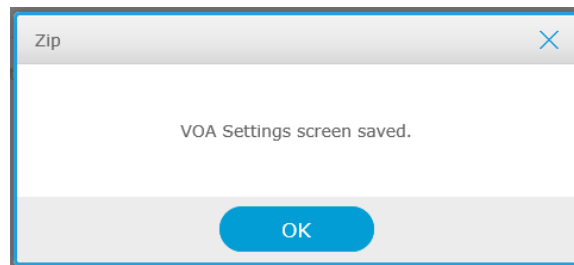

Company FormFree® Account

User ID

Save

2. To enable or disable the verification of asset feature, select the **On** or **Off** radio buttons, respectively.
3. Enter your organization's FormFree® login credentials.
4. Click **Save**.  
A popup confirms the screen is saved.

5. Click **OK**.

## Settings

# Security

Use the Security screen to decide whether borrowers will need to use 2-factor authentication when they log in to the borrower dashboard. The method of delivering the 6-digit security code is via email or mobile text message.

## Security

### Use 2-factor Login Authentication

By selecting On, borrowers (who created accounts) must enter the 6-digit security code (received via email or text) when logging in.

On  Off

### Password Parameters

Set password parameters for the borrower portal.

Password must be a minimum length of  characters and a maximum length of  characters.

- The minimum amount of characters must be at least 6.
- The minimum amount of characters must be less than the maximum.
- The maximum amount characters cannot be more than 15.

Save

## 2-Factor Authentication

To configure 2-factor authentication:

1. By default, 2-factor authentication is enabled. To disable this feature, select **Off**.
2. Click **Save**.  
Popup opens to confirm changes are saved.
3. Click **OK**.

## Password Parameters

To configure password parameters:

1. Specify the minimum and maximum number of characters for the password.
2. Click **Save**.  
Popup opens to confirm changes are saved.
3. Click **OK**.

# Payment Management

On the **Payment Management** screen, as the administrator, you can set up the payment method for you company Zip account.

NOTE: This section only applies to users of Point, Zenly, and NAMB All-In. Path users do not see this screen.

To set up the payment method for Zip:

1. Select the **Payment Management** screen.

## Payment Management

Zip and the eSignature Transaction fees are automatically charged to the credit card or ACH you provided during account setup.

You can update the credit card information on file below. All information is transmitted over a secure connection to ensure the confidentiality of your information.
